I design products to solve real problems and make life easier.

About me

Hi, 🙋 I'm Nasimul, a **Product Designer (UI/UX)** with expertise in a broad range of areas including design systems, prototype, auto layout, ux research, ux audits, problem-solving, ui design, design accessibility and applying usability heuristics. I am proficient in Figma and can work in Adobe Creative Suite, Notion, Slack, Jira, Discord, Balsamiq, Miro and many more, allowing me to seamlessly integrate into your existing workflow.

My Hobby

Learning and Expanding Knowledge

My hobby is to expand my knowledge through user interface studies, case studies, research initiatives, UX podcasts, tutorials, and reading industry publications. I want to build successful and impactful products that will solve real problems and shape users lives in a better way.

Places that I've worked at

Product Designer

@TexBazar.xyz

Dhanmondi, Dhaka.

2024-Present

My experience

As the **Product Designer (UI/UX)** for TexBazar, I single-handedly designed the company's website and mobile app. Now I continuously improve designs based on ux research and data to enhance user satisfaction. I collaborate closely with Developers, QA's and Marketing Team to align design with business objectives and technical feasibility. My work has significantly increased user engagement contributing to TexBazar's success in the textile market.

Lead UX Designer

@Supernova Techno Ltd.

Mohakhali, Dhaka.

2023-2024

My experience

I have worked as the **Lead UI/UX** Designer at Supernova Techno Ltd. I had the opportunity to design and enhance the user experience for the **Kabbik** App (the largest audiobook platform in Bangladesh). I have also worked on an online medical service app called **Purno Health**. I single-handedly designed the website and mobile app. I have worked on more than **10+** Projects for the company.

UI/UX Designer

@Freelance Marketplace

Work from home

2022-2023

My experience

I have several experiences working in various freelance projects. I also worked with international and local clients. I have designed many fintech apps, landing pages, admin dashboards, and many more.

Can be Miscellaneous

Education

2017 - 2021
